FIND YOURSELF BY GETTING LOST IN THE MOMENT

“Boat ride” barely begins to capture the experience of an afternoon on a Sea Ray sport boat. Precise and athletic performance combines with premium styling and outstanding finishes to elevate boating into something even more immersive. Because when all the details align, all paths lead to the here and now.

LINES THAT MOVE YOU

When something is designed well, your eyes have a way of drinking it in, deeply and thoroughly. Sea Ray crafts boats that are beautiful, yes, but also purposeful. You can see it in every gracefully sloping dash, each seat that cups you just so, each striking hull profile. A Sea Ray is designed not just to catch the eye but to stir the soul.

POWER, PLAY

Electrify your days on the water with Sea Ray's muscular power choices, smooth ride and extra precise control. Engineered to meet exacting performance requirements, Sea Ray's aggressive 2015 sport boats will impress speed demons and watersports whizzes alike. And drivers will feel confident and firmly in control no matter the sea state and no matter how often "one more time!" is yelled from the end of the tow rope.

MAKE IT PERSONAL MAKE IT BEAUTIFUL

Relationships change beneath a wide open sky with the shore left cleanly behind. Focus is sharpened, colors are brighter and smiles stretch wider.

We see each other with new eyes and hear each other with open ears. This is the power of a Sea Ray day. When the only distractions are beauty and awe, bonds grow tighter and affection grows deeper.

OWNERSHIP

UNRIVALED SUPPORT

A Sea Ray is more than just a boat. It is every sunny afternoon you will enjoy on the water. It is the joy of time spent with family and friends. It is the adrenaline rush of speed and the strong pull on a tow rope. In short, it is the total experience of a premium product that delivers these things in spades. A major part of that is how well Sea Ray owners are supported by both Sea Ray's extended warranty and the Sea Ray dealership that sold them the boat and helps keep it in tip-top shape.

Sea Ray
SURPA 5S
5-YEAR FACTORY WARRANTY

INDUSTRY-LEADING WARRANTY

All 2015 gas-powered Sea Ray sport boats (sterndrive and outboard) feature the Surpass 5-year factory warranty, a bow-to-stern warranty on the boat and its components from defects in materials and workmanship. The engine is covered for the same period, using a warranty backed by Mercury® and Brunswick Product Protection. In addition, all sport boats have a Limited Lifetime Structural Hull Warranty for ultimate peace of mind.

See your Sea Ray dealer and the Sea Ray Express Limited Warranty for complete details.

MOST AWARDED BOAT BRAND. EVER.

The National Marine Manufacturers Association surveys owners biannually to gauge customer satisfaction, and Sea Ray consistently earns CSI awards in more categories than any other boat company. J.D. Power also measures customer satisfaction, and again Sea Ray continues to top their lists. Sea Ray regularly wins great praise from organizations and magazines for its new boats and the innovations on them. No exception to this pattern of excellence, more Sea Ray dealers make the Boating Industry Top 100 Dealers rankings every year than any other manufacturer's dealers. These rankings measure everything from facilities, to service, to sales experience, to customer events to ensure that when you buy a Sea Ray, it's going to come with a dealer who can keep you happy on the water no matter what.

INNOVATION

TOMORROW'S BOATING TODAY

Sea Ray's Next Wave™ program is an intensive commitment to driving major innovations into every model to deliver the best boating experiences imaginable. With a deliberate focus on product, this initiative aims to elevate Sea Ray and raise the bar industry-wide. Sea Ray is a dominant global presence and a company of forward thinkers. Technologies and design innovations like the following are all intended to make every day on the water unforgettable.

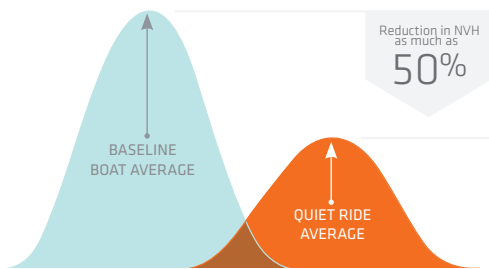

DYNAMIC RUNNING SURFACE™

Large triangular planes integrated into the hull surface dynamically articulate to optimize running characteristics, providing an unprecedented riding experience. Sensors automatically adjust the running surface to ensure optimal trim no matter the load or sea state, and reduce bow ride for improved acceleration and precise handling. Skiers and wake boarders can adjust presets to get their preferred wake shape for perfect runs every time.

QUIET RIDE™

Banishing Noise, Vibration and Harshness from the boating experience increases comfort and enjoyment. Accoustical forensics, advanced engineering and sound-attenuation materials combine to completely change the boating experience. When the only noise you hear is the laughter of your children and an easy conversation with your spouse, you've arrived at a new level of perfect.

DECIBEL COMPARISON AT FULL CRUISING SPEED:
Baseline Boat Average 86.2: **As loud as a freight train** from 15 meters away
Quiet Ride Average: 79.4*: **A normal passenger car** at 65 mph
*A 10 decibel increase means sound is twice as loud

Tuned Transom® from Omni Products Inc. counteracts vibration and noise from the engine compartment taking the loudest noise contributor out of the equation. High-tech laminates in the hull convert noise and vibration energy to heat that is whisked away by the water passing beneath you. Tighter fit and finish with thicker bushings and other vibration reducers prevent another noise source. Full-beam bulkheads, noise blockers in hull cavities and accoustical insulation in areas where noise travels contribute to the quiet.

SLX[®] SERIES

The SLX Series shines with the focused performance of a true athlete. Unparalleled Next Wave™ technology and chic styling set the SLX models above the competition with a laser focus on just how good boating can be. The SLX family's powerful build and state-of-the-art helm offer the kind of precise control that thrills drivers, while performance-oriented seating with outstanding lateral support helps everyone enjoy the ride. Watersports addicts will delight in exciting pulls and great wakes, no matter their sport, and everyone will appreciate the stunning stainless steel and teak fit and finish. Zero in on the sunset at full throttle and feel the rush of an unbeatable premium sport boat that gets all the details just right.

210 SLX[®]

LENGTH: 21' 0" / 6.40 m / BEAM: 8' 3" / 2.50 m / WEIGHT: 3,642 lb / 1,652 kg / FUEL: 40 gal / 151 L

SHORELAND'R® TRAILERS

Sea Ray® has partnered with ShoreLand'r to provide custom-fit trailers for almost every Sport Boat model. These road warriors feature a V-frame design to keep each boat's center of gravity as low as possible, resulting in a better ride and easier loading and unloading. ShoreLand'r uses a special powder-coating system for a deep luster, and its trailers boast welded steel frames, giving them a smooth look and incredible strength. Premium trailer upgrade includes aluminum wheels, radial tires and a spare tire with carrier. A five-year limited warranty is standard, providing dependability for the long haul.

Note: Trailers accompany the 19 SPX, 21 SPX, 19 SPX OB and 21 SPX OB as standard. Trailers are optional for SLX and Sundeck models. Outboard SPX specs not shown. Ask your dealer for details.

*Folded swing-away tongue reduces length by approximately 24 inches.

**Dimensions and weights are approximate.

PROFILE 2000 WINCH

This manual winch with heavy-duty post encloses the gears for added safety. The robust shape and large bow-stop roller provide extra muscle.

FREE-BACKING HYDRAULIC SURGE DISC BRAKES

Brake lines run inside the axle to protect them from damage.

DROP AXLE

This design keeps the boat lower for smoother towing.

SWING-AWAY TONGUE

A handy feature that makes it easy to store your boat in a garage, or anywhere space is limited.

FENDER STEP PAD

Fenders feature convenient, rubberized step pads with a textured surface for extra grip.

DEPENDABLE LIGHT SYSTEM

Side marker lights are waterproof with a separate ground wire to guard against failure. All lights use a standard automotive-type plug for easy replacement.

CANVAS

Custom-fit canvas tops and boat covers from Sunbrella® offer reliable protection from the elements and promise a long, fade-resistant life. In addition, stainless steel D-ring hardware on our Bimini tops is easy to manipulate and corrosion resistant for carefree use and maintenance. Standard canvas comes in black, and Toast Tweed and Blue options are available. Refer to the chart below for canvas availability, or contact your authorized Sea Ray® dealer.

SUNDECK SERIES COCKPIT & TONNEAU COVERS

SLX SERIES COCKPIT & TONNEAU COVERS

 sunbrella®

Sunbrella is the most trusted name on the water in marine fabrics. And for good reason: boaters have confidence in its legendary fade- and water-resistant fabrics to keep their boats and families safe from the elements. With a wide array of solutions for your Sea Ray, you'll be comfortable while being shaded in style.

PROPULSION

Sea Ray® partners with the leading marine engine manufacturers to provide our Sport Boat owners with unsurpassed power, reliability and support around the world.

MERCURY

Every Sea Ray Sport Boat utilizes Mercury MerCruiser® or Mercury® Verado FourStroke propulsion to provide reliable power and exhilarating performance. Here are just a few of the distinct advantages owners can expect from this proven industry leader.

MORE CHOICES

MerCruiser offers a full line of sterndrive engines from 135 to 380 horsepower, allowing owners to choose from more than 20 unique drive systems including the Alpha® One, the most popular sterndrive in the world, and the Bravo® series. The brawniest, Bravo III, features counter-rotating propellers for precise handling and maneuverability. Mercury Verado FourStroke engines provide the 220 Sundeck® and 240 Sundeck with the most sophisticated outboard propulsion system on the water. Reliable, quiet and efficient, these supercharged engines perform beautifully and give you a choice of power when you are selecting the right boat for your needs.

AUTOMOTIVE-LIKE CONTROL

Regardless of the engine and drive combination, MerCruiser customers can rely on confidence-building features such as available SmartCraft® Digital Throttle and Shift (DTS) for transparent throttle response.

UNSURPASSED INNOVATION

MerCruiser leads the industry with innovations like its award-winning Axius® joystick system, which provides incredible low-speed maneuverability in boats powered by twin engines—maneuverability that promises effortless docking with fingertip control.

THE SEA RAY STORY

From its very first boat in 1959 to each of those rolling off the line today, Sea Ray has always offered a bold vision of what boating can be and brought that vision to life with the finest craftsmanship, an engaging ownership experience and unparalleled support. Sea Ray owners enjoy the satisfaction of achieving the well-lived life on the water.

VISION

Sea Ray® has always been known to push the envelope. Our boats were among the first of their kind to use fiberglass and other high-tech composite materials that would go on to become standards in the industry. Our Next Wave™ initiative is a commitment to develop and champion new technologies and design innovations like Quiet Ride™, SkyFlow™ and Concealed Outboard Propulsion™ with the goal of completely reimagining the boating experience. In fact, Sea Ray has one of the largest patent portfolios in the global marine community. This forward-thinking, cutting-edge, sky's-the-limit approach ensures you get the best of the best, even when the rest of the world hasn't even heard of it... yet.

CRAFTSMANSHIP

A Sea Ray® boat is a work of relentless commitment. Every stitch of upholstery, every arch and spoiler, every inch of hardware has to be just so. It's this obsession with the details that shapes our demanding standards for quality. From wood components fabricated in-house to laser-cut and hand-finished upholstery, Sea Ray boats combine the mastery of craftsmen with the precision of industry-leading technology for a caliber of construction you won't find anywhere else. It's a unique approach that carries through every step of the production process — and the resulting fit, finish and styling achieves a level of sophistication you can feel. It's why Sea Ray is the Most Awarded Boat Brand. Ever.

SUPPORT

From prototype to testing to construction, every Sea Ray® is designed to deliver unmatched reliability with zero room for compromise. Only the finest quality materials and components are used, and Sea Ray stands behind each model with some of the industry's best warranties. Owners enjoy an unmatched level of customer service from the most decorated network of dealers in the industry. All of these efforts exist to ensure your Sea Ray outperforms your expectations at every turn.

LIFESTYLE

Own a boat, and you open up your life to a world of new possibilities. Own a Sea Ray®, and you can watch as those possibilities flourish into cherished moments. Sea Ray ownership unlocks a unique world, with exclusive social events, premium offers and participation in a community of like-minded boaters. It is complemented further by membership in the Sea Ray Owners Club*. Simply ask any Sea Ray boater, and they'll tell you. Owning a Sea Ray isn't just about style, it's about lifestyle.

**Only available in the U.S. and Canada*

THE COMPLETE SEA RAY® LINEUP

INCREDIBLE CRAFTSMANSHIP. IMPECCABLE STYLE. COMMANDING PERFORMANCE.
WELCOME TO INSPIRED LUXURY

Ushering in a new era of world-class yachting, the Sea Ray L-Class® was founded on the philosophy that style thrives on substance.

SEA RAY® BUILT THE L-CLASS® ATOP A FOUNDATION of commanding capability, rock-solid reliability and world-class craftsmanship. There are five guiding tenets to L-Class design:

DESIGN SHOULD HAVE MEANING. L-Class offers seamless anticipation of your every need, with features and finishes that fit you remarkably. This is luxury with soul.

TRUE PERFORMANCE IS TRUE LUXURY. Smooth. Solid. Effortless. Putting you in complete command.

NEVER COMPROMISE COMFORT. L-Class delivers sophisticated and comprehensive relaxation to set you fully at ease. These yachts will exceed your every expectation without compromises or qualifiers.

THERE ARE NO LITTLE THINGS. No detail has been overlooked, from the skillful craftsmanship delivering true seaworthiness down to every last stitch of upholstery.

TRUE CRAFTSMANSHIP ENDURES. It's only a lost art if you stop doing it. Signature Sea Ray craftsmanship offers a level of skill and artistry unmatched in the luxury yachting world.

With a comprehensive three-year bow-to-stern warranty, a concierge-led buying experience and personalized delivery—not to mention a 24-hour dedicated customer service representative and incomparable support throughout North America—L-Class invites you to enjoy an entirely new kind of ownership experience.

You and your family deserve boat insurance from a provider that cares as much about your Sea Ray as you do. If there's one company that is truly committed to conscientious service and a headache-free experience, it's our official partner NBOA. Since 1994, NBOA has been providing Sea Ray owners with outstanding marine insurance solutions. Through NBOA, Sea Ray owners have access to exclusive marine insurance rates and select discounts, plus emergency dispatch and free on-water towing services for the first year. So treat yourself well, and treat your Sea Ray to NBOA.

For more information, go to NBOAT.com or call 800-248-3512.
